and more open world

## SC-CE3F | Cam action concealed door closer

**Maintain the style of your door, fit UNION's SC-CE3F high efficiency concealed closer, offering all the functionality of a power size 3 closer, with the discretion of being hidden from view.**

The exceptionally small profile of this door closer means it is quicker to install.

The cam action mechanism helps to meet the requirements of BS8300. Combining this with the CE mark and fire testing for timber doors, the SC-CE3F is ideal for commercial applications.

- Small profile for quick fitting
- Tested to BS EN 1154
- BS EN 1634 Part 1 : 2000 assessed for use on 30/60 minute timber fire doors†
- Fixed power size 3
- Helps to meet the requirements of BS8300
- Hold open option also available (not suitable for fire doors)
- Built-in pressure relief valve protects against abuse
- Stable hydraulic fluid offers low sensitivity to temperature fluctuation
- Needle bearings giving optimal performance and efficiency
- 10 year guarantee
